## "CRUISING FOR A CAUSE"

*Aboard The Infinity Yacht!*

Alana's Foundation is a 501(c)3 non-profit founded in memory of Alana Yaksich who died of influenza in February 2003. Her family established the foundation to educate people about the severity of influenza and the importance of vaccinating children against the flu every year so no family has to experience the tragedy of losing someone to a vaccine preventable disease.

Our mission is to educate the public about the importance of yearly influenza vaccinations and in doing so, increase vaccinations rates by providing convenient and affordable flu vaccine options as well as provide support for families that have lost a child.
